Summary

Curiosity-driven full-stack developer, with a focus on front-end development and a passion for enhancing user and developer experiences. Brings 4 years of diverse experience in consulting and client-facing roles across startups and large corporations, dedicating the last nearly 2 years to software development.

Experience

IBM

Brazil

Associate Application Developer (Remote)

2022 – 2023

Migrated a comprehensive legacy service to a cloud-native application for Itaú, their largest Brazilian financial client.

- Enhanced workflow and user experience of the operations team, and reduced infrastructure costs with the newly adopted application.
- Distinguished as the only IBM employee working directly with the client team.
- Maintained a Net Promoter Score (NPS) consistently above 8, reflecting high client satisfaction.
- Technologies include **C#, .NET, xUnit, AWS, Java 8, JUnit, Cypress, SonarQube, Fortify, Splunk, Insomnia, Git, GitLab, Jira, and Confluence.**

Associate Application Developer Intern (Remote)

2021-2022

Developed a brand-new cloud-native application for IBM Brazil's HR department.

- Integrated employee data and promotion processes, enhancing HR department workflow.
- Managed project setup, pipelines, and development.
- Assisted other interns with development, testing, and deployment issues.
- Collaborated in a team following agile methodologies, and contributing by guiding daily standup meetings.
- Technologies include **Angular, HTML, CSS, JavaScript, TypeScript, Carbon UI, Java 17, Spring Boot, Docker, PostgreSQL, Postman, Git, GitHub Enterprise, IBM Cloud, and Jira.**

Education

Senac University Center, Systems Analysis and Development, 2023.

- Two-and-a-half years, degree program.

Certifications

- **AWS Cloud Practitioner (CLF-C01).**
- **Microsoft Azure Fundamentals (AZ-900).**

Skills

- Frameworks and libraries include **Spring Boot, Fastify, Prisma, React.js, Next.js, and Angular.**
- Programming languages include **Java, C#, Python, JavaScript, and TypeScript.**
- Semantic web development with **HTML5 and CSS3.**
- Tools include **Figma, Adobe XD, and Photoshop CC.**

Additional

- Ex-coordinator and current member of the **Feministech** non-profit community.
- Ex-volunteer technical support & tutor for **PrograMaria's** front-end development course.
- Native **Portuguese** and advanced in **English.**
